ESG e RI – Corporate Responsibility

**DEXCO**

# Criteria

## Investment **Goals**

Be present in all municipalities where we have operation

Select social projects aligned with the company strategy, with more efficiency in project management.

**The investments** have the following approval criteria

Social vulnerability index of the municipalities

Social opportunities identified in the dialogue with communities

Relevant causes: Health, education, environment, culture and housing

Target beneficiaries: Children and adolescents

Measurable expected results / impact of each project

Organization Governance

Connection with SDGs

Dexco is aligned with the 17 Sustainable Development Goals (SDGs) of the United Nations (UN) 2030 agenda.

We have chosen 5 priority SDGs

In addition to the SDGs identified as priorities by the Company (highlighted), we can cover more than those above, including the specific scope of the selected project.
